I kept shopping for different kinds of washing machines but ultimately I just couldn't resist buying the Whirlpool because it was the only washing machine that I had gotten plenty of good word of mouth reviews about. At first I couldn't figure out how I was going to learn how to use all these new settings that I have never seen before but as time passed they kinda just grew on me. Now surprisingly one of my favorite features about this washer is the fact that I get to customize each wash exactly how I want to. There is one complaint I do have about this washer though and that is the fact that it is front facing and low to the ground so I constantly have to bend over and put the clothes in but I understand that this is not a problem for everybody since my mom is 4 11" and it is perfect for her. I have also seen some drawer lifters for this washing machine but for 200\$ I would rather do the little extra amount of effort. All in all I would say that this is a great washing machine for anybody that is willing to learn a tiny bit about different settings to get the best wash each time. ? 1 Answer from this member: This washer has 3.3 cu. ft. of capacity. Want to get updates on new answers? this question Kenmore washer and dryer, the Elite HE4t super capacity series are front-loading machines that will not only do an excellent laundry but also spice you home with some unexpected and striking colors. Both are available in Sedona (shown), Champagne and Pacific Blue and 4 other colors, and provide heavy laundering - Elite washer will take 23 bath towels in one load. You can now wash comforters, rugs, curtains at home. For 3.8 cubic-feet capacity, it is very energy efficient, has 6 fabric settings and 8 washing cycles. Kenmore Elite dryer has super large 7.0 cubic-feet capacity, automatic sensor that shuts it off when the load is dry, 9 drying cycles and 6 temperature settings. Very efficient as well. The washer sells for \$1,499 and the dryer is priced at \$999 for electric and \$1,049 for gas. Other Kenmore appliances.
